Douglas Leen
P.O. Box 341
Petersburg, AK 99833

Dear Mr. Leen:

Forest Service staff have completed on the ground site investigations and resource reports associated with the portion of your proposed micro-hydro Project No. 14862 located on the Petersburg Ranger District of the Tongass National Forest. The resource reports are attached and may be forwarded to the Federal Energy Regulatory Commission for their review.

If you have any questions, don't hesitate to contact Russ Beers (Forest Service coordinator for this project), or the resource specialists that prepared the reports.

Sincerely,

DAVID ZIMMERMAN
District Ranger
